St. Paul, MN 55101

Re: Consumer Protection Referral - Nutrition Excellence LLC (Evan Bosma / Bri Bosma) - Interstate Product Fraud, Insanitary Manufacturing, Retaliatory Death Threats Against Whistleblower, and Threats Against North Dakota State Official - Blaine PD Case 2618-0471 / FDA OCI Tip Filed 2026-08-02

Dear Attorney General Ellison,

I had the privilege of meeting you in January 2026 while providing security for a CNN crew in Minneapolis. I am writing to you today as an individual with direct firsthand knowledge of operations at Nutrition Excellence LLC who has uncovered serious alleged consumer fraud in our state, and I am respectfully asking for your office's direct attention to a case that I believe warrants urgent state enforcement action.

I provided web design and SEO services to Nutrition Excellence LLC (operating as "Nutrition Elements" and "Moonshot Gummies") from December 2025 through approximately July 30, 2026, working remotely for the majority of my engagement. I terminated my relationship with the business after discovering alleged fraud and insanitary manufacturing conditions that I believe pose an imminent public health risk to Minnesota consumers.

Because I have a pre-existing personal connection with you, I am writing to you directly in addition to filing the formal consumer complaint through your office's online portal. I am hoping your office can dedicate senior Consumer Protection Division staff to this case because of the federal nexus, the multi-state scope, and the

established pattern of retaliation I have experienced.

THE ALLEGED CONDUCT

A. Interstate Product Substitution. Gummies formulated for Minnesota (containing 0 mg CBD per serving) were repackaged into bags labeled for North Dakota retail distribution claiming 75 mg CBD per serving. North Dakota consumers paid premium prices for "CBD" product that contained no CBD. Distribution occurred through Bergseth Bros across North Dakota. Bergseth Bros placed an approximately \$90,000 order in May 2026. This crosses state lines and invokes federal jurisdiction under 21 U.S.C. section 331(a) and section 343 (misbranded food in interstate commerce).

B. Certificate of Analysis (COA) Fraud. Certificates of Analysis - the primary regulatory compliance documents that retailers, regulators, and consumers rely upon - were systematically falsified, duplicated, or omitted across multiple production lots. Outdated COAs were reused for new batches. COAs were duplicated across product lines with only the name altered. COA results were altered to show "passing" values not matching actual third-party lab results. Products were sold at retail with no COA on file.

C. Insanitary Manufacturing Conditions. Edible consumer products containing controlled substances (THC/CBD) were hand-packaged and heat-sealed in a commercial office suite at 10740 Lyndale Avenue, Suite 11W, Bloomington, MN. The entire office served as the production operation. No utility sink, no soap, no sanitizer, no gloves, no food-grade work surfaces, no sanitation logs. The workspace is carpeted with residential-grade plumbing and a drop ceiling. This violates 21 U.S.C. section 342(a)(4) (adulterated food) and 21 C.F.R. Parts 117 and 111 (CGMP requirements).

D. Retaliatory Death Threats Against Whistleblower. Between 4:31 PM and 4:34 PM CST on August 2, 2026, Bri Bosma (subject's spouse) called my mobile (763)

670-3137 eleven times from (612) 716-9997. During one of those calls, she left a 31-second voicemail in which Bri Bosma was speaking and Evan Bosma (subject) chimed in from the background stating verbatim: "I'm gonna fucking kill you, bitch." Evan Bosma also placed a missed call from (612) 816-3172 at 4:32 PM CST. At 4:34 PM CST, Bri Bosma sent a text message to my mobile reading verbatim: "You are a fucking fraud. Absolute loser of a human being. Why don't you go make yourself some money by being a contributing citizen of society instead of crooked ass psycho path who can't answer his phone to face what you have done. Must be feeling really good about yourself. I hope your family is really proud of you. Keep hiding behind your computer fuck stick." I filed a police report with Blaine PD (Case 2618-0471) at approximately 5:00 PM CST the same day. The voicemail recording and screenshots are preserved with SHA-256 cryptographic hashes.

E. Threats Against North Dakota State Official. Evan Bosma has engaged in a documented pattern of threatening and pressuring state officials who attempted to regulate his products. Specifically, after Bergseth Bros placed the \$90,000 order referenced in Section A above and the North Dakota Department of Agriculture required additional clearance for the product to be sold in that state, Evan Bosma sent me written communications stating verbatim: "Im about to threatened John" (referring to John Mortenson, a North Dakota state official with regulatory authority over consumer products). When I asked "Who do we talk to," Evan Bosma replied: "But I shouldn't." I responded: "Don't. Stay legally in the right path and we will fight things."

These written communications establish that: (1) Evan Bosma was prepared to threaten a state official in order to obtain regulatory clearance for the misbranded products; (2) Evan Bosma acknowledged to me, his contractor, that the threats were inappropriate; and (3) I objected to the threats in real time. These communications are preserved with SHA-256 cryptographic verification and EXIF metadata, and are available for production to your office upon request. The threats against a North Dakota state official

constitute potential obstruction of state regulatory proceedings (18 U.S.C. section 1505) and witness intimidation (18 U.S.C. section 1512), and establish additional federal nexus for the alleged underlying conduct.

PROTECTIVE DISCLOSURE REGARDING MY ROLE

I want to be transparent with your office. My primary role at Nutrition Excellence LLC was providing web design and SEO services, which I performed remotely. On occasion, I and my family members assisted with packaging of finished gummy products at the direction of Evan Bosma. We did not participate in product formulation, COA preparation, interstate distribution decisions, or labeling.

Critically, contemporaneous written records show that I raised compliance concerns with Evan Bosma during the engagement, including objections to his plan to threaten a North Dakota state official. On the day Evan Bosma stated "Im about to threatened John," I responded: "Don't. Stay legally in the right path and we will fight things." Earlier, when Evan Bosma instructed me to cold-call North Dakota retailers for new distribution despite the regulatory pause, I responded: "Couldn't that land us in hot water with all of North Dakota state?" These messages document that I was the internal compliance voice and repeatedly objected to the conduct that forms the basis of this complaint.

Upon personally discovering evidence of the alleged interstate product substitution, COA falsification, and food safety violations described above, I made a public consumer-protection disclosure on August 2, 2026 and filed regulatory complaints with FDA OCI, Minnesota OCM, North Dakota Department of Agriculture, and the Minnesota Attorney General on the same day. I am now a cooperating witness.

ADDITIONAL EVIDENCE OF SUBJECTS CONDUCT

On the same day as the death threats above were communicated, Evan Bosma sent me a written communication in which he admitted unlawfully installing surveillance software (Teramind) on my personal laptop. The admission states verbatim: "I had Teramind on your laptop buddy! You're one dumb fucker." This admission establishes a pattern of unlawful conduct by Mr. Bosma directed at me personally, supports the credibility of the threats documented above, and is itself evidence of a separate criminal offense under Minnesota electronic communications privacy laws. The original text message containing this admission is preserved with EXIF metadata and is available for production to your office upon request.

ACTIVE STATE AND FEDERAL FILINGS

1. FDA OCI - Consumer Tip filed 10:34 PM CST on 2026-08-02
2. Blaine Police Department - Case 2618-0471 filed approximately 5:00 PM CST on 2026-08-02
3. Minnesota Office of Cannabis Management - filed 2026-08-01
4. North Dakota Department of Agriculture - filed 2026-08-01 (contact: John Mortenson)
5. Minnesota Department of Health - complaint pending
6. FBI Minneapolis Field Office - tip pending
7. Office of Minnesota Attorney General - this complaint
8. Harassment Restraining Order at Anoka County District Court - petition pending (ex parte emergency relief sought)

WHY YOUR OFFICES DIRECT INVOLVEMENT MATTERS

1. Your office has subpoena power under Minn. Stat. section 8.31, subdivision 3, to issue a Civil Investigative Demand requiring Nutrition Excellence LLC, Evan Bosma personally, and Bergseth Bros to produce production records, sales records, distribution agreements, tax records, and bank records. This is the single most powerful tool available to prove the fraud.
2. Your office can file a civil action for injunctive relief under Minn. Stat. section 8.31 to enjoin further sales of misbranded products, freeze the LLC's operations, order disgorgement of profits, and impose civil penalties up to \$25,000 per violation under Minn. Stat. section 325F.69 (Deceptive Trade Practices Act).
3. Your office has formal liaison relationships with FDA OCI, FBI Minneapolis, the Minnesota Office of Cannabis Management, and the North Dakota Department of Agriculture. A coordinated multi-state enforcement action is what will actually shut this operation down.
4. The subject continues to operate. As of the date of this letter, misbranded products are still being sold to Minnesota and North Dakota consumers.
5. The products contain THC and CBD and are consumed by potentially immunocompromised, elderly, and pediatric consumers. Insanitary manufacturing conditions create risk of microbial contamination (Listeria, Salmonella, E. coli). Misbranded products cause consumers to ingest substances they did not consent to ingest.
6. The threats against a North Dakota state official establish potential obstruction of state regulatory proceedings and witness intimidation, providing additional grounds for your office to coordinate with the North Dakota Attorney General and the FBI Minneapolis Field Office.

EVIDENCE PRESERVATION

A complete evidence package is preserved at <https://nutrionelements.com/evidence/evidence-package.zip> with SHA-256 hash 944cd7b872b91cca55aeb166775c220cf978aff805a34538d1e12897444b2392. The package contains the original voicemail recording (.amr, 25,046 bytes, SHA-256 verified), two screenshots with preserved EXIF metadata, a complete incident report, and a manifest with chain-of-custody hashes. The North Dakota state official threats are preserved in two additional screenshots (file evan-admits-threatening-mortenson-2026.jpg, SHA-256 23b233421e17a747e189d0e7ca71c18be756329d8ae2a816be6545cda4dcc694; file evan-nd-distribution-texts-2026.jpg, SHA-256 de0ee2fb57b4fccbb55816ee481f34e151653a7d2db862474d849ff7bbbc2859). Original documents including COAs, production records, and packaging samples are preserved and available for production to your office upon request.

REQUEST FOR ACTION

I respectfully request that your office:

1. Assign the case to a senior Assistant Attorney General in the Consumer Protection Division.
2. Issue a Civil Investigative Demand to Nutrition Excellence LLC, Evan Bosma personally, and Bergseth Bros under Minn. Stat. section 8.31, subdivision 3.
3. Coordinate with FDA OCI, FBI Minneapolis, the Minnesota Office of Cannabis Management, the North Dakota Department of Agriculture, and the North Dakota Attorney General.
4. Seek emergency injunctive relief to halt continued sales of misbranded products to Minnesota consumers.

5. Provide written confirmation of receipt of this complaint and a tracking number for the case.

I am available to provide testimony, original documents, and additional cooperation as needed. I respectfully request that all correspondence regarding this case be conducted via secure email and that my identity be kept confidential from public disclosure to the maximum extent permitted by law to protect against further retaliation.

Thank you for your time and your continued service to the people of Minnesota.

Respectfully,

Alaedeane Hamed
